Fentress County Government – Title VI

History and Purpose of Title VI

The landmark Civil Rights Act of 1964 was a product of the growing demand during the early 1960s for the Federal Government to launch a nationwide offensive against racial discrimination. In calling for its enactment, President John F. Kennedy identified "simple justice" as the justification for Title VI:

Simple justice requires that public funds, to which all taxpayers of all races contribute, not be spent in any fashion which encourages, entrenches, subsidizes, or results in racial discrimination. Direct discrimination by Federal, State, or local governments is prohibited by the Constitution. But indirect discrimination, through the use of Federal funds, is just as invidious; and it should not be necessary to resort to the courts to prevent each individual violation.

Title VI was not the first attempt to ensure that Federal monies not be used to finance discrimination on the basis of race, color, or national origin. For example, various prior Executive Orders prohibited racial discrimination in the armed forces, in employment by federally funded construction contractors, and in federally assisted housing.⁽²⁾ Various Federal court decisions also served to eliminate discrimination in individual federally assisted programs.⁽³⁾

Congress recognized the need for a statutory nondiscrimination provision such as Title VI to apply across-the-board "to make sure that the funds of the United States are not used to support racial discrimination." 110 Cong. Rec. 6544 (Statement of Sen. Humphrey). Senator Humphrey, the Senate manager of H.R. 7152, which became the Civil Rights Act of 1964, identified several reasons for the enactment of Title VI. *Id.* First, several Federal financial assistance statutes, enacted prior to Brown v. Board of Education, 347 U.S. 483 (1954), expressly provided for Federal grants to racially segregated institutions under the "separate but equal" doctrine that was overturned by Brown. Although the validity of these programs was doubtful after Brown, this decision did not automatically invalidate these statutory provisions. Second, Title VI would eliminate any doubts that some Federal agencies may have had about their authority to prohibit discrimination in their programs.

Third, through Title VI, Congress would "insure the uniformity and permanence to the nondiscrimination policy" in all programs and activities involving Federal financial assistance. *Id.* Thus, Title VI would eliminate the need for Congress to debate nondiscrimination amendments in each new piece of legislation authorizing Federal financial assistance.⁽⁴⁾ As stated by Congressman Celler:

Title VI enables the Congress to consider the overall issue of racial discrimination separately from the issue of the desirability of particular Federal assistance programs. Its enactment would avoid for the future the occasion for further legislative maneuvers like the so-called Powell amendment.

Fourth, the supporters of Title VI considered it an efficient alternative to litigation. It was uncertain whether the courts consistently would declare that government funding to recipients that engaged in discriminatory practices was unconstitutional. Prior court decisions had demonstrated that litigation involving private discrimination would proceed slowly, and the adoption of Title VI was seen as an alternative to such an arduous route. See 110 Cong. Rec. 7054 (1964) (Statement by Sen. Pastore).

Further, despite various remedial efforts, racial discrimination continued to be widely subsidized by Federal funds. For example, Senator Pastore addressed how North Carolina hospitals received substantial Federal monies for construction, that such hospitals discriminated against blacks as patients and as medical staff, and that, in the absence of legislation, judicial action was the only means to end these discriminatory practices.

That is why we need Title VI of the Civil Rights Act, H.R. 7152 - to prevent such discrimination where Federal funds are involved. . . . Title VI is sound; it is morally right; it is legally right; it is constitutionally right. . . . What will it accomplish? It will guarantee that the money collected by colorblind tax collectors will be distributed by Federal and State administrators who are equally colorblind. Let me say it again: The title has a simple purpose - to eliminate discrimination in federally financed programs.

President Lyndon Johnson signed the Civil Rights Act of 1964 into law on July 2, 1964, after more than a year of hearings, analyses, and debate. During the course of congressional consideration, Title VI was one of the most debated provisions of the Act.

Title VI

What is Title VI?

Title VI prohibits discrimination on the basis of race, color, or national origin in programs and activities receiving Federal financial assistance. Specifically, Title VI provides that

No person in the United States shall, on the ground of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving Federal financial assistance.

How does Title VI affect my county, city, community or business?

State agencies, local or municipal government entities, educational institutions, for profit and non-profit corporations and institutions that receive federal financial assistance are subject to Title VI of the Civil Rights Act of 1964 and the Civil Rights Restoration Act of 1987. According to the Tennessee Attorney General, state and local governmental agencies that administer federally funded programs are required to comply with Title VI of the Civil Rights act and all applicable federal regulations. The Attorney General concluded that under certain circumstances federal authorities may refuse to grant or continue federal financial assistance for failure to comply with Title VI and its regulations. Therefore, all state and local agencies in Tennessee which administer federally funded programs are advised to use their best efforts in complying with Title VI and all other federal regulations applicable to the administration of such programs.

Policy Statement

Fentress County Government will comply with the Title VI Civil Rights Act of 1964 and the Civil Rights Restoration Act of 1987. The department will utilize its best efforts in maintaining compliance in all programs subject to the requirements of Title VI and all other federal regulations applicable to the administration of such programs.

Fentress County Government:

- will not deny any person service, assistance or other benefits for which you are qualified;
- will not provide any person with a service different from that provided to others under the same program;
- will not subject any person to separate treatment in any manner related to services, aid or other benefits;
- will not limit any person in anyway in the use of services, facilities, or any other advantages, privileges, or benefits provided to others under any program;

- will not treat any person differently from others in deciding whether you meet requirements to receive aid, care, service or other benefit;
- will not deny any person or offer an opportunity different from that offered others in any program or service;
- will not adopt methods that limit participation by any group of recipients or subject them to discrimination; and
- will not refer any person to agencies that do not obey civil rights law.

All agencies receiving financial assistance through the department must sign a statement of compliance with Title VI of the Civil Rights Act of 1964.

Complaints of Discrimination

A complaint alleging discrimination may be filed with the Title VI Coordinator. All entities receiving assistance from the department will be required to have information available for public review on the procedures for filing a complaint.

The Title VI Coordinator has the responsibility for receiving, logging, acknowledging, investigating complaints and reporting the findings. The coordinator will notify the commissioner and the appropriate program director when a complaint is received.

After receiving a complaint or identifying potential discriminating activity the department will take the following steps:

- Within 30 calendar days of receiving the complaint, the Title VI Coordinator will conduct a fact finding investigation. The coordinator will meet with the complainant or the staff member who identified the alleged discriminatory activity to determine the nature of the complaint and whether Title VI requirements were violated. The coordinator will meet with the director in whose area the alleged violation occurred to ascertain the director's perspective on the complaint. The coordinator will notify the members of the Title VI Review Committee
- If the coordinator determines that discrimination has not occurred, the complainant, commissioner, and program director will be informed. The complainant will then have a right to appeal the decision.
- If the investigation indicates that discrimination did in fact occur, it will be discussed with the program director. The Title VI Coordinator will discuss ways in which to resolve the complaint and seek voluntary corrective action.
- The complainant, applicant, or program director may appeal any rulings made by the coordinator to the Title VI Review Committee within 10 calendar days of the receipt of the written findings. The request can include relevant documentation and sworn testimony, if any, from appealing party together with any testimony by witnesses having first-hand knowledge of the Title VI violations. The testimony may be in the form of an

affidavit and shall describe in detail the circumstances and events which would lead a reasonable person to believe that a Title VI violation has occurred. The Title VI Review Committee will have broad latitude to review an appealed case and make a finding. The committee may discuss the complaint with the complainant, the alleged offender, the Title VI Coordinator, or other parties to determine the facts. The committee will make a finding on the appeal within 15 calendar days of receipt of the request for appeal.

- If the discriminatory activity cannot be resolved by the committee, a written report on the situation will be prepared and forwarded to the Tennessee Title VI Compliance Commission. If a complaint involves one of the department's federally funded programs, the federal agency sponsoring the program will also be notified. Information will also be provided to the parties involved on the procedures for appealing to the federal level.

- If either the Tennessee Title VI Compliance Commission, or other federal agency determines that discrimination has in fact occurred, the offending party will be denied further services or benefits of the department's programs until the discriminatory activities have been terminated.

Title VI Program Commitment

The Tennessee Department of Transportation Title VI Program's primary goal is to ensure all management staff, contractors, and service beneficiaries are aware of the provisions of Title VI and the responsibilities associated with Title VI of the Civil Rights Act of 1964. We are readily available to provide you with high quality technical assistance, resource, guidance, and any other information in regards to Title VI. Please do not hesitate to call our office for further assistance.

What is Title VI of the Civil Rights Act of 1964?

It is the policy of the Tennessee Department of Transportation to ensure 42 U.S.C. 20004. "No person in the United States shall, on the grounds of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under a program or activity receiving federal financial assistance from the Department of Transportation." Title VI covers all forms of federal aid except those federally funded contracts of insurance and guaranty. It does cover employment practices resulting in discrimination against program beneficiaries or where the purpose of federal assistance is to provide employment.

Title VI & Environmental Justice

On February 11, 1994, President Clinton signed Executive Order 12898: *Federal Action to Address Environmental Justice in Minority Populations and Low-Income Populations*. The Executive Order focused attention on Title VI by providing that, "each agency shall make achieving environmental justice part of its mission by identifying and addressing, as appropriate, disproportionately high and adverse human health or environmental effects of its programs, policies, and activities on minority and low-income populations." In support of Executive Order 12898, the US DOT issued an Order on Environmental Justice (DOT Order 5610.2). The order clarifies and reinforces Title VI responsibilities as well as addresses the effects on low-income populations.

Adverse Impacts may include:

- Bodily impairment, infirmity, illness, or death
- Air, noise, and water pollution and soil contamination
- Destruction or disruption of man-made or natural resources
- Destruction or diminution of aesthetic values
- Destruction or disruption of community cohesion or a community's economic vitality
- Destruction or disruption of the availability of public and private facilities and services
- Vibration
- Adverse employment effects
- Displacement of persons, businesses, farms, or nonprofit organizations
- Increased traffic congestion, isolation, exclusion, or separation of minority or low-income individuals within a given community or from the broader community
- The denial of, reduction in, or significant delay in the receipt of, benefits of DOT programs, policies, or activities

Public Involvement

is an integral part of transportation planning and project development decision making. The DOT Order (5610.2) on Environmental Justice directs the department to provide minority populations and low-income populations greater access to information on, and opportunities for public participation in matters that may impact human health and environment.

Title VI & Limited English Proficiency (LEP)

The federal government and those receiving assistance from the federal government must take reasonable steps to ensure that LEP persons have meaningful access to the programs, services, and information those entities provide. This will require agencies to think "outside the box" for creative solutions to address the needs of this ever growing population of individuals, for whom English is not their primary language.

Who is a Limited English Proficient Person?

Persons who do not speak English as their primary language and who have a limited ability to read, speak, write or understand English can be limited English proficient, or "LEP." These individuals may be entitled to language assistance with respect to a particular type of service, benefit, or encounter.

Who Must Comply and Who Can be Found in Violation?

All programs and operations of entities that receive assistance from the federal government.

"Simple Justice requires that public funds, to which all taxpayers of all races contribute, not be spent in any fashion which encourages, entrenches, subsidizes, or results in racial discrimination." President John F. Kennedy

El involucramiento público

es parte integral de la toma de decisiones de proyecto de desarrollo y planeación del transporte. La orden DOT (5610.2) en Justicia Ambiental dirige al departamento a proveer a las poblaciones minoritarias y poblaciones de bajos ingresos en asuntos que puedan impactar la salud humana y el ambiente.

Título VI y La Capacidad Limitada de Inglés (LEP)

El gobierno federal y los servicios que reciben asistencia financiera del gobierno federal deben tomar medidas razonables para asegurar que personas LEP tengan un acceso significativo a sus programas, servicios, e información que esas entidades proporcionan. Esto requiere que las agencias planeeen "salvo de la caja" para obtener soluciones ingenieras que puedan resolver los problemas de esta población creciente, para quienes el inglés no es su primer idioma.

¿Quién es una persona de Capacidad Limitada de Inglés (LEP)?

LEP es una persona cuyo primer idioma no es el inglés, la cual tiene una capacidad limitada para leer, hablar, escribir o comprender el inglés. Estas personas tienen derecho a recibir asistencia de idioma con respecto a cualquier clase de servicio, beneficio, o situación que se pueda presentar.

¿Quién Tiene Obligación De Cumplir Y Quién Puede Encontrarse En Violación Bajo El Título VI?

Todas las programas y operaciones de entidades que reciben ayuda del gobierno federal (ejemplo: beneficiarios), incluyen: Cualquier agencia estatal, agencia local, institución u organización privada. Cualquier entidad que recibe asistencia financiera federal a través de otro beneficiario / entidad mencionado anteriormente, tiene obligación de cumplimiento.

La elemental justicia requiere que los fondos públicos a los cuales todos los contribuyentes de impuestos de todos los razas aportan no sean gastados de ninguna manera para apoyar, arrear, o resultar en discriminación racial.

TITLE VI

Title VI, 42 U.S.C. ~ 2000d et seq., was enacted as part of the landmark Civil Rights Act of 1964. It prohibits discrimination on the basis of race, color, and national origin in programs and activities receiving federal financial assistance.

Federal Financial Assistance means more than just money. It is also aid that enhances the ability to improve or expand allocation of a recipient's own resources. This includes grants and loans, tax incentives, and technical assistance.

Title VI applies to discrimination throughout an agency, not just to actions involving the federally assisted program. Therefore, if an agency receives any federal financial assistance for any program or activity – the entire agency (recipients, sub-recipients, and contractors) is required to comply with Title VI, not just that particular program. A Non-discrimination statement must be included in all county contracts.

State Law (T.C.A. 4-21-904) also mirrors the federal law.

(23 U.S.C. 324) expanded the protected class to include prohibiting discrimination based upon gender as well.

The Age Discrimination Act of 1975 (42 U.S.C. 6101-07) and the Americans with Disabilities Act of 1990 (49 CFR 27) further expanded the protection to include discrimination based on age and disability.

Aggrieved individuals may file administrative complaints with the federal agency that provides funds to a recipient.

The Tennessee Human Rights Commission is the lead coordination state agency for monitoring and enforcement within the State of Tennessee. Complaints may be filed by an individual, a class, or by a third party, within 180 days from the date of the alleged discriminatory act.

LIMITD ENGLISH PROFICIENCY (LEP)

In August 2000, Executive Order 13166 began to require agencies to examine the services they provide, identify any for services to those with limited English proficiency, and develop and implement a system to provide those services so LEP persons can have meaningful access to them.

This service is required for effective communication between service providers that receive federal funds and their potential service recipients. Language assistance must be provided in instances where language barriers cause persons of limited English Proficiency to be excluded from or denied equal access to programs. The recipient should be given information in a format he/she can understand about the services and must be able to communicate his/her situation to the provider. Achieving effective communication must not place cost or burden on the person with language barriers and he/she cannot be required to use friends or family members as interpreters.

Within Fentress County Government, the Title VI Coordinator should be promptly notified of any Title VI complaint, formal or informal.

LIMITED ENGLISH PROFICIENCY POLICY AND PROCEDURE

1.	It is the general policy of Fentress County, Tennessee, not to discriminate against anyone with Limited English Proficiency (LEP), who participates in our programs and/or services. We have taken steps to ensure that all individuals will be able to communicate, either through written or oral language services, with all members of our staff. Fentress County adopts the following language assistance procedures for situations in which LEP individuals need direct services or information and to ensure compliance with the Executive Order 13166.
2.	Employees will have access to "I Speak" cards. See attachment.
3.	Once language proficiency is determined, employees will have resources available to assist the individual in determining his/her need.
4.	<p>If the need is urgent or life threatening, employees will defer to their supervisors what steps need to be taken. The steps are, but not limited to, the following:</p> <ul style="list-style-type: none"> • If the need is a document translated, the supervisor will have the document translated as soon as possible, without jeopardizing his/her duties as a supervisor. • If the need is oral language services, the supervisor will take appropriate actions to provide the assistance as soon as possible through a translation service, without jeopardizing his/her duties as a supervisor. • The supervisor has the obligation to the safety of his/her employees as well as the people of Fentress County to assist the need of all persons. This includes not leaving his/her work place unless it is an emergency. • If the need is urgent or life threatening, employees will use, to the best of their ability, any resource available to accommodate the individual. • Any person who thinks there has been discrimination against him/her because of LEP should contact Vickie Reagan, Title VI Coordinator. Ms. Reagan will confer with the necessary individual(s) within the Title VI Division of the State of Tennessee and the County Attorney of Fentress County.
